EPA-R5-2017-008095	Miss Shannon E Lisa	Exponent	<p>This application under the FOIA requests information on three Superfund sites in Johnson County, Indiana. The 501&copy;(3) non-profit, Edison Wetlands Association, Inc. (EWA) requests a file review of the complete administrative records at any EPA repositories on: Webb Wellfield, C.R. 200 N and N. 400 E, Franklin, IN Amphenol Products Company Plant at 980 Hurricane Road, Franklin, IN Atterbury Reserve Forces Training Area, Hospital Road, Edinburgh, IN This includes files held by the EPA and any other agency, including but not limited to: the ATSDR, DOD, DOD and any and all state and federal agencies. This request covers all media including electronic, paper, messages, notes, e-mails, video and audio regarding the referenced sites. The EWA has been dedicated to protecting human health and the environment via education, action, and public awareness since 1989, and has provided technical assistance to communities throughout the US. The EWA is partnered with stakeholders in the Johnson County, IN region, including those affiliated with Trevor&#s Law (S.50). The EWA is working to acquire, review, and disseminate information about the aforementioned sites in simple-to-understand language to stakeholders through fact sheets, newsletters, presentations, and other media. This will improve meaningful public participation in federal and state-led Superfund processes in Johnson County. The requested information will also give local wealth-challenged families the tools needed to improve communication with the EPA, the Indiana Dept. of Environmental Management (IDEM), and other agencies. The reason for review of the complete administrative record from both the removal and remedial branch is that it will provide understanding and certainty of the content of the administrative record. This request will significantly contribute to public understanding of the Superfund process, and EPA and other government agencies&# roles in the monitoring and remediation of the sites.</p>	6/6/2017

			<p>This request under the Freedom of Information Act concerns the Ringwood Mines Superfund Site in Ringwood, New Jersey. The 501&copy;(3) charity, Edison Wetlands Association (EWA), requests a file review of the entire administrative record for the Ringwood Mines Superfund Site at any EPA repository. The EWA has been the facilitator of the Ringwood Community Advisory Group (CAG) for over a decade, and has recently assisted the community with reformation of the CAG. A review of the entire administrative record will give EWA the tools it needs to create fact sheets, newsletters, presentations, and other media, in simple-to-understand language, so that the community members, including those new to the CAG or the site as a whole, can have meaningful participation in the upcoming CAG meetings. The reason for the review of the entire administrative record is many members of the community have raised concerns that there is a significant amount of the administrative record that is not in designated repositories, either in the Ringwood Town Hall or Ringwood Library, as required under the Community Involvement Plan. EWA is providing technical assistance to the CAG and no cost documents contained within the administrative record will also be reviewed by technical advisor(s) for dissemination to the CAG. This request will significantly contribute to public understanding of the Superfund process, the United States Environmental Protection Agency, and other government agencies&ldquo roles in the remediation of the site. This time-sensitive file review request is especially critical as EWA chairs and serves as the neutral facilitator for the Ringwood Mines CAG.</p> <p>Any and all records pertaining to the EPA investigation of the sewage discharges in 2015 and 2016 by the city of St. Petersburg, FL. 			<p>Here is a summary of the FOIA request I am making. My full request is in the attached document. This request is for all records (within the scope described below) related to policies for response to news media inquiries or communication with news media about EPA activities. The request includes relevant statements of policy; formal or informal directives to agency staff; instructions, and/or other communications, including communications with the Trump administration transition team; communications procedures and protocols; procedures for clearance of information, interviews, press releases, desk statements, or statements provided to news media; conditions (such as &quot;background&quot; ground-rules or pre-submission of questions) under which press officers or other EPA employees can speak to journalists; and requirements for permission, coordination, or inclusion of public affairs/information officers in interviews. I also request any directives for referring news media inquiries from Regional Offices to Headquarters. The request is for records in any form: paper or electronic, emails, audiovisual presentations, guidance, training materials, writings (handwritten, typed, electronic or otherwise produced, reproduced or stored), correspondence, letters, memoranda, reports, or other record of communication. This request is for records generated by or received by EPA Region 9 beginning November 9, 2016, and ending on the present date.</p> <p>I request communication records to and from the following individuals at EPA containing the term or otherwise referencing &quot;trump.com&quot;; &quot;trumpgolf.com&quot;; &quot;trumphotels.com&quot;; &quot;trumpinternationalrealty.com&quot;; &quot;trumpwinery.com&quot;; &quot;ivankatrump.com&quot;; &quot;kushner.com&quot;; &quot;observer.com&quot;; or &quot;observedmedia.com&quot;; from May 1, 2017 to June 1, 2017: æC EPA Administrator Scott Pruitt æC Acting EPA Deputy Administrator Mike Flynn æC EPA Chief of Staff Ryan Jackson Please consider any emails, letters, memorandums, text messages, voice and video recordings as well as other documented forms of communication as responsive records to my request.</p> <p>I request records of all responses to Questions for the Record provided to Congress from EPA from May 1 to June 1, 2017. These records are responses to formal questions posed by lawmakers in association with witness testimony at congressional committee hearings.</p> <p>I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from May 1 to June 1, 2017. Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes.</p> <p>See attached letter</p> <p>I request all records concerning EPA Administrator Scott Pruitt from May 1 to June 1, 2017. Please include all records that document Pruitt&ldquo schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables.</p> <p>Agency correspondence, site assessment reports, analytical sampling, and NFRAP documentation for the following property: Hurst Construction Co. 1338 West College Street Murfreesboro, TN Per an EDR database report, the property underwent the discovery process in August 1993, a preliminary assessment was performed in June 1994, and the property obtain NFRAP status in June 1994.</p> <p>All documents related to EPA employees' ethics waivers in resolving financial conflicts of interest from May 1 to June 1, 2017. These documents are maintained by federal agencies and are released to the public upon request under 18 U.S.C. 208.</p> <p>I would like to get a complete export of the SDWIS (sometimes also called SDWIS FED or SDWISFED) database that EPA maintains regarding public drinking water systems. I would like access to all fields in all tables unless there is a specific exemption in the law for the information in that field. I wish to receive this information in electronic, machine-readable standard data export format -- possible such formats include Microsoft Excel (.xls or .xlsx) or Access (.mdb), .dbf database files, or delimited ASCII text (tab-, semicolon-, pipe-, or comma-delimited). (Please note that your agency's IT people are likely familiar with these terms.) (Some language has been removed) To simplify the effort and limit your staff&ldquo workload, any data that is stored separately in relational tables may be supplied in separate individual electronic files along with the appropriate unique identifying fields that are meant to be used to join the information in a database system. Please also include any data dictionaries, code definitions, schema descriptions or other documentation required to accurately import and interpret the records.</p> <p>I request all records concerning all logs of correspondence that record letters from members of Congress to EPA from May 1 to June 1, 2017. The logs should detail the correspondence&ldquo control number, the date it was received, what congressional office sent it and its subject. Please redact constituents&ldquo names and other personal information detailed in these logs in order to expedite this request.</p> <p>I request all records concerning Acting EPA Deputy Administrator Mike Flynn&ldquo schedule from May 1 to June 1, 2017. Please include all records that document Flynn&ldquo schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables.</p> <p>I request a list of æCspecial government employees&C(ESEs) employed by EPA from May 1 to June 1, 2017. A SGE is an agency employee that performs temporary duties, with or without compensation, for not more than 130 days during any period of 365 consecutive days, as defined in 18 U.S.C &sect; 202. EPA-R3-2017-007939	Dr. laura s murphy	self	Looking for the remediation plan regarding my property at 1191 telegraph road, west chester pa 19380, which plan was submitted by agents for leonard giunta, for damage done by leonard giunta and his agents in digging up my wetlands property without my knowledge or consent in 2016, which is contiguous to his wetlands property. I understand that a remediation plan was submitted this year (2017) but I have not been furnished a copy of the plan. Mr. Giunta's invasion of my property has resulted in significant ongoing damage to my driveway which is shared by two other properties, plus danger of mosquito infestation, plus pools of stagnant water on my property, which Mr. giunta's digging has caused. His stated idea to me was to drain his wetlands to use to drain his wetlands to use to graze more sheep. my husband and I are in fragile health, and our driveway over the wetlands is our only access to our home and barn.	6/2/2017

EPA-R2-2017-007927	Ms. Audrey LaRoche	BBJ Group	The Environmental Protection Agency FOIA Office, I hope all is well. I'd like to make a request under the Freedom of Information Act. I am writing to seek documents showing communications with the U.S. EPA administrator Scott Pruitt regarding coal in the first week of his tenure at the position. I'd like a copy of any documents, meeting notes and meeting schedules, recorded meetings or phone calls and any other communications that may have occurred to or from the administrator of the U.S. EPA Scott Pruitt that mention the word 'coal' between February 17, 2017 and February 24, 2017. I would prefer to receive these documents in electronic form, if possible. I'm a financial coal reporter for S&P's Global Market Intelligence, formerly known as SNL Financial, an online trade publication covering energy and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. The knowledge of the relationships between the head of the U.S. EPA and the coal industry is exceedingly important to the public. I intend to disseminate this information through SNL Energy's news page, as well as via free link on our Twitter accounts, which are widely viewed by the public. I forward your to your timely response with a determination letter within the allowed 20 business days, which is by June 29, 2017, by my calculation. Thank you for your consideration. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information.	5/31/2017
EPA-HQ-2017-007881	Brett Walton		Pursuant to the federal Freedom of Information Act, I request a copy of the first report of the EPA Regulatory Reform Task Force. The task force was mandated by Executive Order 13777, which was signed by President Trump on February 24, 2017. The task force's first report was due within 90 days following the executive order. That deadline was May 25, 2017. I would like to receive the information in the following format: electronic.	5/31/2017
EPA-R8-2017-007866	Bridget Walsh		Pursuant to provisions of the FOI, please provide me with electronic copies of any bills that EPA has submitted to Respondent and receipts for any payments received from Respondent per the provisions below of the Administrative Settlement Agreement and Order on Consent for Removal Action, Vasquez Blvd/170 site OU2: "4.4. Payments for Future Response Costs. Respondent shall pay EPA all Future Response Costs not inconsistent with the NCP. a. On a periodic basis, EPA will send Respondent a bill requiring payment that includes a cost summary, which includes direct and indirect costs incurred by EPA, its contractors, subcontractors, and the United States Department of Justice. Respondent shall make all payments within 30 days after Respondent's receipt of each bill requiring payment, except as otherwise provided in Paragraph 4.6, and in accordance with sub-Paragraphs b & c, below. To the extent that Respondent must appropriate money to pay Response Costs, Denver shall seek an appropriation for such costs. The Parties to this Settlement Agreement recognize and acknowledge that Respondent can only pay money to EPA from appropriated funds, or other funds, legally available for such purpose. Nothing in this Settlement Agreement shall be interpreted or construed as a commitment or requirement that Respondent obligate or pay funds to EPA in contravention of Article X, Section 20 or Article XI of the Colorado Constitution. All Clean Water Act (CWA) Section 308 Request for Information letters sent to publically owned wastewater treatment works (POTW) in the states of Ohio, Indiana, and Illinois, within your Region, for the time period May 1, 2017 to July 1, 2017.	5/31/2017

EPA-HQ-2017-007851	Mr. Michael Gerrard	Sabin Center for Climate Change Law, Colum	We are seeking any records detailing the parameters and findings of the following study, described on EPA's Superfund and Climate Change Adaptation website (https://www.epa.gov/superfund/superfund-climate-change-adaptation): "A screening analysis by EPA evaluated how the vulnerabilities may affect soil, sediment, and groundwater remedies involving technologies such as soil vapor extraction, bioremediation, permeable reactive barriers and pump-and-treat (P&T) systems, or involving strategies such as monitored natural attenuation or ex-situ containment. The analysis identified Superfund sites near or within 100-year and 500-year floodplains and Superfund sites within a 1-meter sea level rise zone. Results showed that cleanup projects involving P&T technology for groundwater remediation and on-site systems for containment source containment may be particularly vulnerable to climate change." Section 552 et seq ("FOIA".), I request copies of (or access to) documents, pertaining to the progress of your agency's Regulatory Reform Task Force, specifically: (1) The report and any related documents that the regulatory reform task force has provided to the head of the agency to meet the requirements of section 3(g) of Executive Order 13777, detailing the progress of the task force. On February 24, 2017, President Trump signed Executive Order 13777, —Enforcing the Regulatory Reform Agenda,—which established a federal policy —to alleviate unnecessary regulatory burdens—on the American people. Section 3(a) of the EO directs federal agencies to establish a Regulatory Reform Task Force. Section 3(g) directs federal agencies to, within 90 days of the date of the order, and on a schedule determined by the agency head thereafter, have each Regulatory Reform Task Force provide a report to the agency head detailing the agency's progress.	5/30/2017	Ex. 6, Ex. 5

EPA-HQ-2017-007785	Ms. Juliet Elperin	The Washington Post	Dear Mr. Gottesman, or to whom it may concern, This is a request under the Freedom of Information Act, 5 U.S.C. § 552, for access to and copies of all records concerning Environmental Protection Agency Administrator Scott Pruitt's schedule and travel vouchers from Feb. 17, 2017 to the present. Please include all records that document Administrator Pruitt's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables. I further request expedited processing of this request for records. The public has an urgent need for information about the Administrator's schedule because it sheds light on how the new administration is operating. I am making this request on behalf of The Washington Post and the records disclosed pursuant to this request will be used in the preparation of news articles for dissemination to the public. Please waive all fees in connection with this request because the disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of the operations and activities of the government. I would appreciate your communicating with me by telephone or email, rather than mail, if you have any questions about this request. Once you have a response, you can email me or mail the material to me at Juliet Elperin, 1301 K St. N.W. Washington D.C. 20071. I declare under penalty of perjury that the foregoing is true and correct. Executed on May 26, 2017. EPA-R3-2017-007700	John Burke	Baltimore City Public Schools	Dear FOIA Officer, I request copies of all electronic mail (e-mail) correspondence regarding the selection process, Interview Notes, Scoring and Scoring Criteria, Selectee(s) complete application submitted and Selectee(s) Veteran Status related to Environmental Protection Agency Announcement Number: RTP-OCI-OT-2016-0006, Job Title: Information Technology Specialist, Series & Grade: GS-2210-13, Control Number: 454785800. Official request is attached. Thank you, Corey A. Terry	5/24/2017	
EPA-R4-2017-007716	Mr. Corey Terry		Per EPAâm's response to FOIA Online Request No. EPA-R4-2016-009334, Winston Mills, Inc. (dba Asheville Dyeing and Finishing) submitted the attached initial (but untimely) RCRA 3010(a) notification form in November 1984 (NCD070619663) and classified as a generator. This arose from an agency inspection that month. Upon follow-up, the agency confirmed the only HW storage tank had been emptied and disconnected and 8câmno wastes are being generated.8câm In April 1985 memo confirms that the HW tank was removed (observed to be intact, with no obvious odors in the soil around or under the tank). Shortly thereafter, Winston Millsâm classification as a generator was deactivated. In a June 1988 letter to the agency, Winston Mills confirms that it was classified as a SQG prior to the 1985 deactivation of its EPA ID number, and asserts that it 8câmnever disposed of waste at [the] facility.8câm In 1990, Winston Mills filed a subsequent RCRA 3010(a) form as a TSD and Generator. Status reports from 1991-1995 indicate its was classified as a disposer and SQG. In 1996, the agency confirmed that the facility no longer generated hazardous waste. . . . In the preamble for the proposed Hazardous Waste Generator Improvements Rule, the EPA states: 1) 8câmBecause there are no federal regulations for closure of a waste accumulation unit or site closure by SQGs, SQGs are not required to comply with the clean closure regulations, as well as notify when they close any or all waste accumulation units.8câm (80 FR 57918, 57955 (Sept. 25, 2015), and 2) also that it 8câmsees no reason at this time to propose requiring SQGs to clean close or close as a landfill if they cannot clean close.8câm (Id.). Because Winston Mills was an SQG, it could only be a disposer if it intentionally disposed of HW at its facility. . . . I request a copy of any records the EPA has which shows the date of the 8câminitial receipt of hazardous waste8câm at the facility, or the intentional disposal of HW there.	5/24/2017	
EPA-R4-2017-007722	Rodney Huerter	Veolia North America	Under 40 CFR 270.72(a)(4), any change in the ownership or operational control of a facility under RCRA interim status requires the new owner or operator to submit a revised Part A permit application no later than 90 days prior to the scheduled change. When a transfer of operational control of a facility occurs, the old owner or operator must continue to comply with the requirements of 40 CFR Part 265, Subpart H (Financial Requirements), until the new owner or operator has demonstrated to the Director that he is complying with the requirements of that subpart. The new owner or operator must demonstrate compliance with Subpart H requirements within six months of the date of the change in ownership or operational control of the facility. Upon demonstration to the Director by the new owner or operator of compliance with Subpart H, the Director 8câmshall notify the old owner or operator in writing that he no longer needs to comply with Subpart H as of the date of demonstration.8câm . . . Winston Mills, Inc. (dba Asheville Dyeing and Finishing) submitted the attached original Part A application form for EPA ID No. NCD070619663, dated October 12, 1990. Winston Mills and Anvil Knitwear, Inc. submitted the attached amendment to the 1990 Part A form, which was submitted to the State via letter dated January 31, 1995. Beginning in late May 1995, Culligan Intâm provided RCRA post-closure financial assurance on behalf of Winston Mills as per the attached 8câmfinancial assurance8câm (Document: Anvil Knitwear and Culligan International Co. submitted the attached amendment to the 1995 Part A form via letter dated June 24, 1999 (which purports to backdate a change in operational control of the facility to January 28, 1995). . . . I request copies of any written communication from the State to Winston Mills, under section 270.72(a)(4), copied to the U.S. EPA, that notifies Winston Mills it 8câmno longer needs to comply with Subpart Hâm (post-closure financial assurance.	5/24/2017

EPA-R4-2017-007649	Jillian Kysor	Southern Environmental Law Center	SELC requests the following information: All documents containing information about the final closure, draining or dewatering of coal combustion residuals impoundments (or coal ash ponds) in Georgia (a) Dewatering; including but not limited to: (1) communications exchanged between Georgia's Environmental Protection Division and EPA and/or communications between Georgia Power Company and EPA regarding Dewatering; and (2) external and internal EPA emails, memos, reports, notes or other documents related to, identifying or describing communications set forth in (1). This request is limited to records created, communicated, or received between the dates of January 1, 2016, and the date upon which this request is processed. This request is further limited to records in the custody or control of any officer or employee of the EPA Region 4 office, or any contractor thereof. The documents we request could possibly be located in the following offices within Region 4, without limitation: Water Protection Division and Resource Conservation and Restoration Division. For the purposes of this request, the term a) documents includes all written, printed, recorded or electronic: materials, communications, correspondence, emails, memoranda, notations, copies, diagrams, charts, maps, photographs, tables, spreadsheets, formulas, directives, observations, impressions, contracts, letters, messages and mail in the possession or control of the Environmental Protection Agency. FOIA also requires the release of all reasonably segregable portions of a document that are themselves not exempt. Should any documents be withheld, in part or in their entirety, we request that you inform us of the grounds for denial and the specific administrative appeal rights which are available. To the extent that the request records are maintained in a common electronic format, we request that they be provided in that format.	5/23/2017

EPA-HQ-2017-007664 EPA-R3-2017-007660	Brett Walton Ms. Ali Flake	Tetra Tech	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, I request a list of the entities that submitted letters of interest for Water Infrastructure Finance and Innovation Act loans and the projects they propose. An EPA press release dated May 17, 2017 (https://www.epa.gov/newsreleases/bill-signed-president-trump-gives-epas-wifa-program-additional-help-meet-communities) stated that 43 entities submitted letters. If the agency has compiled the entities and their projects into a list, I would like the list. If there is not a list, then I would like the letters themselves, without any attachments. The letters were to be no longer than 25 pages each. I would like to receive the information in the following format: electronic. The letters were filed electronically so digital copies will be available. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on how to finance the nation's water infrastructure. This information is being sought on behalf of Circle of Blue, a news agency, for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. The public needs to know which water projects could be funded with taxpayer money. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. Please communicate with me by telephone or email if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. spills docs, violations pertaining to environmental law, USTS/ASTS for 118 through 150 West Brambleton Ave, Norfolk, VA.	5/23/2017 5/23/2017

EPA-R4-2017-007610	Roxanne Trotta		I am requesting responsive documents for EPA ID # AL7 210 020 742 (ARMY Contract # W912DY-16-D-0022) for the following: 1)Please provide responsive documents of meeting minutes for all meetings between these dates: January 1, 2013 through January 1, 2015 that pertained to an 'out of compliance complaint' which was filed with OSHA in June 2014, sent to ADEM July 1, 2014 and also a complaint filed directly with ADEM on June 19, 2015. ADEM states (through my FOIA request with them) they contacted all parties, ARMY, C&B&P, EPA and TRS group, Inc., and had meetings with all parties involved (EPA)for the complaint of toxic chemicals being emitted into the air at RSA 53. The complaint to ADEM provided information of the remediation subcontractor (TRS Group, Inc) not using the correct treatment process as per the feasibility study and cutting corners, in doing so workers were exposed/injured. 2) Please provide responsive documents for any and all actions taken against C&B&P or TRS Group Inc., by the EPA for the work performed on RSA 53, RSA 96 and RSA 142. TRS Group, Inc. bid on the remediation project knowing they were to use a Thermal oxidizer (per the feasibility study which all agencies signed off on including the EPA) and were paid federal dollars for using that process and in fact they did not, they used carbon resulting in toxic exposures / injuries. 3) Please provide the responsive documents (if any) that approved the scope of remediation work being changed from the required use of a thermal oxidizer as stated in the Feasibility study to the use of a less effective method, use of carbon vessels. 4) Please provide responsive documents of any fines imposed by the EPA for the contractor not abiding by the required treatment process. This request is related to the Quanta Resources Superfund Site in Edgewater, NJ, NID000606442. We are requested the original Human Health Risk Assessment for the Quanta site. The Human Health Risk Assessment was attached as Appendix P to the Remedial Investigation that was done in August 2008. We need that Appendix P: Human Health Risk Assessment.	5/23/2017

EPA-R9-2017-007609	Stephanie Smith		<p>I recently listened to Bill Jones and Greg Bazley at EPA Region 9 speak at an engagement they did at our local RETA Safety Day in April 2017. I'm part of a sub-committee for the IAR Marketing Committee that will be working on a State of the Industry Report for the organization. IAR is focusing on key data for ammonia refrigeration, and I am looking into how to get the data we are looking for, in order to publish it for the organization. Would the EPA be able to assist IAR in gathering data from its database for information such as number of ammonia facilities, facilities based on amount of ammonia, facilities based on region, facilities based on business code, number of incidents, etc? I can get a list together of specific data we're looking for, and I can make the charts and graphs necessary for the report. I would really only need some tables from you and where the information came from for a reference. Please let me know if you are interested and I can provide more information. Although my email is for the company I work for, this is a non-profit organization request. If I need to have someone from IAR contact you, please let me know. At this time, I do not want to be charged for anything. I would just like to know if the EPA would be willing to work with the IAR for this State of the Industry report.</p>	5/22/2017

EPA-R9-2017-007588	Laura Cash		<p>I am interested in purchasing a property that used to be a dry cleaners. It hasn't been in business for several years now. I talked to the owner and he said that years ago the EPA did some testing and one of the samples came back .001 higher then it should have. Shortly after that he closed down for other reasons. I would like to know where this property stands as far as the EPA is concerned. I don't want to purchase it discover it needs expensive testing done. I have searched the state records and they don't have anything on this property. The information I have on this property is listed below. Thank you, Laura Select Cleaners 1493 W. EPA-R5-2017-007583	Mrs. Lauren Norris-Heflin	Tower Engineering Professionals, Inc.	<p>Good morning, I am currently in the process of completing a Phase I Environmental Site Assessment for a portion of a property in Rockford, IL. During the background research a SEMS site was identified as being in the immediate vicinity and cross/up-gradient of the property: Essex Wire - Rockford, 2816 North Main St, Rockford IL; EPA ID: IL0000509213 & EPA Registry Id: 110000437046. The database report we received indicated this property has potential soil and groundwater contamination concerns (reportedly identified during a 2012 Phase II). I researched this site through the FRS Facility report and it appeared to indicate this site is more of a concern for air emissions. However, I was hoping to obtain additional information regarding any soil and/or groundwater contamination, including: what type/amount of contamination is present, has remediation occurred, and has a plume been identified? Please don't hesitate to contact me if you require any additional information for this request. Further, if necessary, please let me know if fees will be incurred and payment will be required. I have to obtain prior approval from my Client for any necessary payments. Thank you, Lauren Norris-Heflin</p>	5/22/2017

EPA-HQ-2017-007557	Ms. Dawn Reeves	Inside EPA	I am requesting a copy of Scott Pruitt's daily calendar from March 16, 2017, through today, May 19, 2017. The public has a great deal of interest in who the administrator meets with. I request that you expedite this request and add it to an earlier FOIA request I filed on March 15 seeking his calendar from that date back to his first day at the agency. Thank you!	5/19/2017	Ex. 7(F), Ex. 6, Ex. 5, Ex. 7(C)
EPA-HQ-2017-007560	Ms. Dawn Reeves	Inside EPA	I am requesting copies of Scott Pruitt's emails with outside groups during his tenure so far at EPA, from Feb 21 through today, May 19. I am not seeking any deliberative materials that may be exempt from FOIA but instead his communications with groups or individuals outside the agency discussing official EPA business, including requests/questions he is asking outside groups and vice versa.	5/19/2017	
EPA-2017-007550	Aman George	Democracy Forward Foundation	Pursuant to the Freedom of Information Act (5 U.S.C. § 552 et seq., and the Environmental Protection Agency FOIA regulations at 40 C.F.R. Part 2, Democracy Forward Foundation makes the following request for records. President Trump has made unprecedented use of so-called "informal advisers" to inform policy-making, bypassing both Senate-confirmed Cabinet secretaries and federal ethics regulations including conflict-of-interest rules. To understand and explain to the public the scope of government business conducted by these informal advisers, Democracy Forward Foundation requests that the Environmental Protection Agency produce the following within twenty (20) business days: All communications, including any attachments, sent to or from Carl Icahn, Rudolph Giuliani, Richard Lefrak, Steven Roth, Robert Kraft, Ike Perlmutter, Steve Schwarzman, Phil Ruffin, Rupert Murdoch, Corey Lewandowski, Newt Gingrich, Chris Ruddy, Sean Hannity, Thomas Barrack, Jr., Chris Christie, Roger Stone, Eric Trump, or Donald Trump, Jr. All communications, including any attachments, made or received in relation to or reflecting the conduct of government business using any nongovernmental email account or nongovernmental communications device established, controlled or used by Carl Icahn, Rudolph Giuliani, Richard Lefrak, Steven Roth, Robert Kraft, Ike Perlmutter, Steve Schwarzman, Phil Ruffin, Rupert Murdoch, Corey Lewandowski, Newt Gingrich, Chris Ruddy, Sean Hannity, Thomas Barrack, Jr., Chris Christie, Roger Stone, Eric Trump, or Donald Trump, Jr. See Competitive Enterprise Institute v. Office of Science and Technology Policy, 827 F.3d 145 (D.C. Cir. 2016); 36 C.F.R. § 1222.10, 1220.18. The time period for this request is January 20, 2017, to the date the search is conducted.	5/19/2017	
EPA-R2-2017-007541	Mr. Andrew Kazin	Stagg, Terenzi, Confusione & Wabnik	I am requesting, from the Environmental Protection Agency, any and all documents, including emails, relating to the property located at 105 Kisco Avenue in Mount Kisco, New York ("the Property"). Such requested documents include, but are not limited to, documents relating to Canadian Radium and Uranium Corp., International Rare Metals Refinery, Boris Pregel, Alex Pregel, the construction of Railroad Avenue, and any attempts or efforts to clean up the Property. This request does NOT seek the production of any documents or emails sent by or to the EPA by or to Stagg, Terenzi, Confusione & Wabnik LLP. The scope of this request is limited to the years 1940-Present.	5/19/2017	
EPA-R4-2017-007540	Hanni Haynes	Tetra Tech, Inc.	Please see attached letter. Tetra Tech Inc. (Tetra Tech) is conducting a Phase I Environmental Site Assessment (ESA) for a portion of the Mobile Aeroplex at Brookley. The area of interest is a vacant lot at the corner of Michigan Avenue and South Broad Street, and is identified by the tax ID: R023201520004001. To assist in identifying the records, a tax map has been attached indicating the location of the area of interest. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs) that may have an adverse environmental impact upon the subject properties. Under the Alabama Open Records Law § 36-12-40 et seq., Tetra Tech is requesting records you may have concerning the property of interest. Such records may include environmental liens, land use restrictions, wastewater permits, air permits, underground and/or aboveground tank registrations, inspection reports, wastewater, groundwater, or soil sampling reports/analytical results, building plans, spills of petroleum or hazardous chemicals, and reports of chemical odors or fumes. Any assistance from your office would be greatly appreciated.	5/19/2017

EPA-HQ-2017-007409	Zachary Mollendor		I am requesting a full version of the Financial_Transaction (or FIN_TRA) table from the legacy CERCLIS database in an ASCII text file. The Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS) “was decommissioned in 2014, following the deployment of SEMS.“ The publicly accessible data from CERCLIS are “drawn upon the final CERCLIS data set, which represents the program progress as of the end of Fiscal Year 2013.“ A comparison between the entries of the Data Element Dictionary provided by the EPA with the aforementioned CERCLIS datasets indicates that the publicly available CERCLIS datasets are incomplete. For example, in the publicly available CERCLIS data download, the RFTT_CODE field in the FIN_TRA table includes only the following values: A, B, C, D, I, M, O. The data element dictionary provided by the EPA indicates that there are many more values than what is included in the publicly accessible version. In the requested full version of the Financial_Transaction table from the legacy CERCLIS database, I am requesting that the following fields are included with all values as defined in the data element dictionary: RFTT_CODE, SITE_ID, RAT_CODE, ACT_CODE_ID, FT_ID, FT_IFMS_FLAG, FT_DATE, FT_AMT, FT_FY, FT_BUDGET_FY, RFBS_CODE. I have attached the data element dictionary provided by the EPA as well as the publicly available version of the FIN_TRA table from the legacy CERCLIS download online. EPA-HQ-2017-007155	Mr. Joris Mulyaert	SGS Belgium	Dear, Regarding the use of US EPA data for EU REACH co-registration. (Regulation (EC) No 1907/2006) In the attached document, there are two US EPA studies shown that were used in the lead registration dossier of n-butanol. The lead registrant has indicated that these studies are not part of their normal data sharing agreement for co-registrants and that 'right to refer' or other type of consent, in the framework of registration according to the EU regulation (REACH) needs to be obtained by the individual co-registrants. As such the Lead Registrant was also unable to indicate potential costs. As a client of ours is requesting the potential cost for REACH registration of n-butanol, we are making this inquiry. Can you indicate if this is possible, if costs are involved and how one can document the approval. Thank you, Joris Mulyaert	5/11/2017

EPA-R8-2017-007044	Ms. Marissa Jones	Partner Engineering and Science, Inc.	Looking for the index of documents for a SEMS-Archive site, Technicare Corp or Echo Star Technologies Corp located at 90 Inverness Circle, Englewood, CO 80112. Site ID 800174 and EPA ID COD099280802. Site was discovered in 8/1/1980. Site underwent a preliminary assessment on December 1, 1984 and was archived (NFRAP) on December 1, 1984. I have requested files from the State (no response yet) and checked online databases, which did not have additional details. I want to know the contaminants involved, if groundwater has been impacted, plume maps, and if there are off-site issues that could affect properties in the immediate vicinity.	5/9/2017

EPA-R9-2017-006833	Marie Nagtalon		My sister, Jacqueline Archer, was found dead March 4, 2017 in the Mendocino National Forest. The official police report has closed the case and the death has been concluded as a suicide. I am submitting a FOIA request for all footage taken of Jacqueline before she was found dead. Ranger Tad Call mentioned he turned his body cam on when he spoke with her 2/25/17. If any other footage exists I am requesting that as well. Ranger Call informed me that Ranger Moreno didn't turn on his body cam when he last spoke with her on February 26th? If any footage is found contrary to this would it be possible to obtain that footage as well? If any other government authority spoke with her between 2/18/17 and 3/4/17 and has footage of the exchange I would appreciate obtaining it. Ranger Call already informed me that he and Ranger Moreno are the only people who spoke with her in the national forest but just in case I want to be very broad in this request for footage. I would also like to request any forest service (internal or public and/or official or unofficial) documents that specify the policies, procedures, and expectations specified for the Park Rangers to adhere to in regards to turning on body cams when interacting with people while patrolling the Mendocino National Forest. EPA-R4-2017-006809	Mr. Seth C Martin	SPEED, SETA, MARTIN, TRIVETI &am	Re: Newtown Creek Study Area portion of the Newtown Creek Superfund Site To Whom It May Concern: I am submitting this document request pursuant to the Freedom of Information Act (5 U.S.C. § 552 et seq. This request concerns the United States Environmental Protection Agency's files concerning the Newtown Creek Study Area portion of the Newtown Creek Superfund Site. By way of background, the Newtown Creek Study Area includes a facility encompassing the body of water known as the Newtown Creek which is situated at the border of the boroughs of Brooklyn (Kings County) and Queens (Queens County) in the City of New York, State of New York, having an approximate 3.8-mile reach, including Newtown Creek proper and its five branches (or tributaries) which are known, respectively, as Dutch Kills, Maspeth Creek, Whale Creek, East Branch and English Kills. There was a recent dispute resolution between USEPA and the Newtown Creek Group (Phelps Dodge, Texaco, BP, National Grid and ExxonMobil), collectively, regarding their Baseline Ecological Risk Assessment. Upon information and belief, a decision was issued by Michael Sivak, Acting Chief, Special Projects Branch, USEPA, on or about April 10, 2017. Pursuant to the FOIA, I request any and all records relating to this dispute resolution process, including: any materials concerning any and all administrative proceedings related to the dispute resolution process; correspondence between and among USEPA, the City of New York, and the NCG; and any pleadings and decisions issued by EPA as a result of the dispute resolution process.	5/3/2017

Requested: Contract between CSRA and EPA for CSRA to support the EPA&Circs High Performance Computing (HPC) systems and Environmental Modeling and Visualization Laboratory (EMVL) projects. Justification: Transparency is one of the goals of EPA. CSRA promised to provide HPC services and EMVL support to EPA under the guidelines of this project. CSRA management bases it's rationale for employee compensation and terms of employment, including work environment, based on this contract. The contract trumps corporate policies. When explaining work requirements and compensation to the employees, the CSRA management says 'it's in the contract'. As an American citizen and as a tax payer, I deserve to know the deliverables promised, the rate schedules, and the negotiated terms of this contract. As a dedicated professional supporting the EPA through CSRA, I deserve to have access to this contract that now mysteriously dictates every aspect of my livelihood. I have requested this document from both my management and through the EPA contracts website, and neither have been forthcoming. Further clarification: \$58 million contract for CSRA to provide HPC services to EPA. Award was announced in February 2017, Transition was March 2017, and CSRA officially took over staff in April 2017.					5/2/2017

EPA-HQ-2017-006754	Mrs. Nancy Epstein		Please provide All the website content related to Climate and Climate change that was deleted from the EPA website by Scott Pruitt on May 1, 2017. This is public information, gathered by tax-payer funded research, and should be available to all taxpayers free of charge. It is a resource for teachers, students, and the general public. Keeping this information out of the hands of the public is tantamount to censorship, and in every respect equivalent to the government of China suppressing all references to "Tiananmen Square Massacre" on websites and social media sites accessible to the citizens of China.	5/2/2017
EPA-HQ-2017-006751	Mr. Reed Zars		Greetings, In relation to the attached December 17, 2015 Consent Agreement between EPA and H&P Performance, LLC, I am seeking records related to EPA's statement at paragraph 34, p. 8 of 23, in which "EPA estimates that the emission impacts of the performance tuners is 71,669 short tons of NOx, 380 short tons of PM, and 4,231 short tons of non-methane hydrocarbons." In particular, please provide one or more records that: 1. Explain the time period in which the estimated pollution impacts apply (e.g. 71,669 short tons of NOx per year?), and the assumptions behind these estimates (e.g. types and model years of vehicles included, baseline, legal emissions per vehicle per mile, increased emissions caused by illegal performance tuners per mile, etc.); and 2. Describe or set forth any studies that support EPA's assumptions and estimated impacts. Thanks so much, Reed	5/2/2017

EPA-HQ-2017-006611	David Koldos		In September 2010 I made a partial report of possible criminal activity by the City of Elgin, IL to a criminal attorney at Region 5 by the name of [](sp). The alleged criminal activity was concerning combined sewer separation permits being applied for and given out of order and against engineering study findings. [] referred the call to criminal EPA Agent []s who gathered the remainder of my evidence and, by Agent Thilis words, conducted an investigation. In January 2011 the city announced the commencement of the separation of the sewers in the area the original engineering study showed was the area of the greatest need, the Lords Street Basin. The work was unbudgeted and cost \$5.94M after the city had just 10 months before said the work was a 20 year event horizon. My FOIA request: Please provide the findings/recommendations of the CID investigation referenced here and evidence of any EPA urging to the City of Elgin that may have compelled them to embark on the separation project in 2011-2012	4/27/2017

EPA-HQ-2017-006614	Jason Plautz	National Journal	RE: Freedom of Information Act Request EPA-HQ-2013-006604 Dear Sirs: I am following up on my Freedom of Information Request EPA-HQ-2013-006604. This request was tied up in a federal court case involving industry and environmental groups. It is my understanding that on March 27, 2017, a settlement was reached in the case. According to details released March 27, the settlement follows an Eighth Circuit Court of Appeals opinion that found the EPA had erred in its analysis of a FOIA privacy exemption when it released the compiled records. The court held that because the agency had aggregated large amounts of CAFO information, disclosure could implicate the personal privacy of facility operators. The opinion fell short of finding the EPA lacked authority to disclose the information. Both the court decision and today's settlement are narrowly focused on the specific records obtained through this one-time information collection, and as a result it is clear that the EPA may not rely on either as a basis for withholding other CAFO business records from the public.	4/26/2017

EPA-R2-2017-006360	Peter Spellane	NYC College of Technology CUNY	I am studying the production of chemicals, metals, and refined petroleum products at Newtown Creek in the late 19th and early 20th centuries. I have particular interest in activities of the General Chemical Company and its predecessor and successor companies, Standard Oil and its predecessor and successor companies, and Phelps Dodge and its predecessor and successor companies. I am also following the Superfund process that is presently in progress at the site. I'm most interested in reports, as for example developed by Anchor QEA, of findings of metals and petroleum constituent compounds in the Newtown Creek water and creek bed. Findings presented in maps are of great interest and utility. The Newtown Creek NPL site indicates that Anchor QEA submitted reports of their work on the Phase 2 of the Remedial Investigation sometime in late 2016. I would like to read that report and examine any included maps.	4/20/2017

EPA-R2-2017-006335	Neil Curri		We have inspected environmental database records from EDR (RCRA NONGEN/NLR and MANIFEST) which indicate that hazardous wastes (spent halogenated solvents, waste oils) were generated at the property located at 10 Boice Road, Hyde Park, NY 12538. The operator is listed as Federal Products Corp. However, we do not find local assessment or city directory records that indicate Federal Products Corp owned or operated the site during the manifest dates (1986 through 1989) nor any other time. City directory records from 1988 indicate the site was operated as Boice Road Professional Buildings. At this time, and occupied by offices of the County Health Department and two physicians' offices; it would be unlikely that a manufacturing operation and professional doctor's offices would coexist at the same facility. Furthermore, neither recent photos of the site taken on the ground nor historic aerial photographs indicate conditions that would be consistent with a manufacturing operation at the property, such as staging/storage of raw materials and loading/unloading areas on the exterior of the subject property. We request any RCRA records associated with Federal Products Corp and/or 10 Boice Lane in Hyde Park, New York in order to determine which of the following possibilities may be true: 1. The site was in fact operated by Federal Products Corp and wastes were generated at the site; 2. The site was in fact operated by Federal Products Corp, but wastes were generated at another site operated by Federal Products Corp; manifests were sent to the address at 10 Boice Lane perhaps because it was the location of executive and/or administrative offices for the organization; 3. The site was NOT operated by Federal Products Corp; the address in the RCRA records may be incomplete or incorrect, or an error may have been introduced when the RCRA information was obtained by EDR for their environmental database products.	4/19/2017

EPA-R1-2017-006249	Mr. Marton Orosz		<p>Hello: I am writing to you concerning my FOIA request pertaining to the Hungarian born American painter Gyorgy Kepes (1906-2001), who received his US citizenship in 1956. Please also note than in some records his name might be misspelled like Gyorgy Keeper. His name: KEPEs, Gyorgy The city/location he lived: Cambridge, MA His Naturalization Certificate Number was [REDACTED] His SSN was [REDACTED] I am inquiring as to how you might advise us to proceed regarding acquiring Gyorgy Kepes's files. There is some urgency now as the book on his life and work is now in the final stages and this important material leaves a gap that we are very much hoping to clarify by having access to his files. Kepes did produce some remarkable environment protection initiatives in the end of the 1960s and beginning of the 1970s when he was a professor of visual design and director of the Center for Advanced Visual Studies at the Massachusetts Institute of Technology. Thank you very much for your attention to this important matter. Please do not hesitate to call me to discuss this if you have any questions or if a conversation might be useful in expediting the process somehow. I really appreciate your attention to this matter and I would be grateful for any help or solution you could provide me with. With kind regards, Marton Orosz</p>	4/18/2017

EPA-R9-2017-006252	Mr. Jeremy R Squire	Murex Environmental, Inc	This is an information request related to the Puente Valley Operable Unit (San Gabriel Valley Area 4). The information we request is not available on the public information repository or online. Property - 16425 Gale Ave, Industry, CA RP - Stooddy Company We have found references to a settlement (press release from EPA Region 9, dated August 2005) between Stooddy Company, located at 16425 Gale Avenue, and the EPA in the amount of \$413,540. We also note the presence of Stooddy Company on the list of RPs for Area 4. However, there is no evidence of investigation work and no copy of the settlement. We need to determine what releases occurred, where they occurred, the chemicals released, and how the soil contamination was addressed (if at all). Please provide the environmental reports, data, and related records (including a copy of the settlement between Stooddy and EPA). Thank you,	4/18/2017

EPA-HQ-2017-006200	Mr. ILKER CEVIK	Outlier Technology Solutions	Hi, I want to learn the addresses and contact information of inhouse/homebase gasoline stations which refuels only their own fleet vehicles like school districts, car rental companies, minings, dam construction sites etc. If possible, I'd love to get the contact information of portable fueling stations as well. I found something in TCEQ web site (https://www.tceq.texas.gov/) for Texas but it's very limited and unorganised information and only for Texas. I'm willing to pay a few hundreds for such an information. Thank you, Ilker Cevik 832-506-6465	4/17/2017

EPA-HQ-2017-006219	Mr. Arshad Mohammed	Reuters	I am a journalist with Reuters news agency. My phone number is (202) 1 311 hereby request the following records pursuant to the Freedom of Information Act, 5 U.S.C. §552 et seq.: copies of all waiver certifications issued under Executive Order 13770 to anyone employed by, detailed to or otherwise working in the Environmental Protection Agency. I request records dated on or after January 20, 2017. I am requesting these documents from the Office of the Administrator at the Environmental Protection Agency because, as noted in EO 13770 Section 3 Paragraph (c),
 copy of the waiver certification shall be furnished to the person covered by the waiver and provided to the head of the agency in which that person is or was appointed to serve.
 I am requesting documents that are unclassified, including Sensitive but Unclassified (SBU) and For Official Use Only, regardless of whether they are maintained in an unclassified or classified system. To the extent the agency withholds all or portions of responsive documents, as required by FOIA, please provide portions of documents that are not exempt from disclosure. As to redacted documents, please justify what exemptions the agency relies on as a basis for nondisclosure in each instance. See 5 U.S.C. §552(b). Please note that I am requesting copies only of waiver certifications issued under EO 13770. I am not seeking copies of news stories, press releases or speeches regarding EO 13770. Executive Order 13770 Ethics Commitments by Executive Branch Appointees, signed by President Donald J. Trump on January 28, 2017 and published in the Federal Register on February 3, 2017, is available here: https://www.epo.gov/fdsys/pkg/DCPD-201700079/pdf/DCPD-201700079.pdf	4/17/2017

The total amount, that is the gross expenditure, spent monthly on employee travel from January 1, 2016 through March 31, 2017, in the level of detail that is reasonable for the government to provide (i.e. hotel costs, car costs). No information about individual travel costs is requested, only total department spending. If the exact numbers aren't available for any month, a good faith estimate will suffice. If these records are kept by time period other than monthly -- for example, bi-weekly -- please provide them in the manner that consistent with department recordkeeping practice. I also request copies of in-house newsletters from October 1, 2016 through the most recent. I would prefer that these documents be made available to me in electronic format, such as Excel or other spreadsheets for financial data and PDF or similar format for newsletters. You may send them via email to the address below if that is most convenient for the government. Thank you for your consideration of this request. Please call if you have questions. This is a request for cities served by community water systems in Wyoming. I initially directed my request to Michael Copeland, EPA Region 8 Office of Water Protection, who directed me here. I am a nonprofit public health researcher seeking to analyze levels of nitrate in public drinking water supplies and to examine national differences in nitrate levels as a function of income and minority populations to evaluate potential economic and social disparities in exposures. To meet my objective, I need to link each state–s public water systems to the cities and towns served by each system. As of now, I have gathered the majority of this information from the SDWS API. In processing the data I obtained from SDWS, I observed that less than 1% of community water systems in Wyoming listed more than one –City Served.– In other states, I observed a much larger proportion of systems that serve multiple cities, so I am wondering if there are additional public water supplies in Wyoming that also serve multiple cities. In correspondence with other states, I received some files that expanded on the list of –cities served– provided from SDWS. I am wondering if Wyoming complies similar information. Ideally, I am requesting a list or data file including all towns/cities served by each community water system in Wyoming. A file indicating which wholesaler systems sell to which buyer systems and the cities those systems serve is an example of something that would be helpful. Further, if some water systems serves multiple cities without selling their water (perhaps because they are located on the border between two cities), a file indicating all of those cities would be of great assistance. Wherever the distinction is made, I am more interested in "Cities Served"; than "City."; Thank you very much for your help.

EPA-R3-2017-006067	Sara Fernandez		Under the Virginia Freedom of Information Act, §56.2-2.3704 et seq., I am requesting an opportunity to inspect or obtain copies of public records of the projects the EPA has underway in the state of Virginia. Specifically the projects taken on and managed within the last 5 years (2013 - 2017), how much money has been used for these projects, and the budget total for these projects. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of how a FOIA request is responded to. This information is not being sought for commercial purposes but instead for a school report on sending out a FOIA request through Old Dominion University. The Virginia Freedom of Information Act requires a response to this request be made within five business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.	4/12/2017
EPA-HQ-2017-006055	Mr. David Schultz	Bloomberg Environment	Pursuant to the federal Freedom of Information Act, 5 U.S.C. §552, I request access to and a copy of the daily schedule for Environmental Protection Agency administrator Scott Pruitt from March 1, 2017. This daily schedule should include a list of all meetings attended by Pruitt that day, the times and locations in which each of those respective meetings took place, the attendees at each those meetings and the topics that were discussed at each meeting. Please do not hesitate to contact me if you require any clarifying information about which types of documents I am seeking. I would also be happy to entertain any good-faith suggestions you may have to modify this request in a way that makes fulfilling it less time consuming. I would like to receive the requested information in electronic format preferably, although hard copies of the documents are acceptable. I agree to pay reasonable processing fees for the processing of this request up to the amount of \$49. Please notify me prior to your incurring any expenses in excess of that amount. Through this request, I am gathering information on that is of current interest to the public. This information is being sought on behalf of Bloomberg BNA for dissemination to the general public. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your determination regarding my request for expedited processing within 10 calendar days, as the statute requires.	4/12/2017

EPA-R6-2017-006058	Janet Wood	AECOM	<p>Hi. Iâ€™m working to review the compliance of two facilities in New Mexico. I originally contacted Sandra Gabaldon at the NMED and she told me to review the ECHO database. I did search ECHO, but not all information was available. So Iâ€™m hoping you can help. Robert Houston provided dates of most recent inspection but he said I needed to submit FOIA to obtain answers to compliance info. I would like answers to my questions emailed. I do not need any documents emailed or printed. Would you be able to provide the compliance status? Are there any outstanding violations, etc.? Has the permit been renewed? Is there a new permit number and/or expiration date? 1. Advanced Chemical Treatment (formerly Rinchem), 6133 Edith Blvd., NE, Albuquerque NM 87107. Stormwater permit NMU001913 (expiration date)? Issues found during NMED 2016 CEI â€” but ECHO does not list if the facility has returned to compliance. 2. Mesa Oil, 20 Lucero Rd., Belen NM 97002. Stormwater permit NMRI0GX38 (expiration date)? â€” Results of 6/12/2015 inspection by NMED were sent to EPA Dallas for further review. Thank you for your assistance. Have a good day. Specifically the projects taken on and managed within the last 5 years (2013 - 2017), how much money has been used for these projects, and the budget total for these projects. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the publicâ€™s understanding of how a FOIA request is responded to. This information is not being sought for commercial purposes but instead for a school report on sending out a FOIA request through Old Dominion University. The Virginia Freedom of Information Act requires a response to this request be made within five business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. I am seeking all records related. For example, Ronald Reagan ordered the United States Environmental Protection Agency to give the company nearly \$2.5 billion in loans. Other groups conducted studies on the impact on wildlife etc. 3) Any requests related to Diablo Canyon Nuclear Power Plant in the 70s and 80s in the last 5 years. 4) Any proposed architectural developments in Santa Barbara County that are artistic in nature in the santa barbara county area within the last 5 years. It may be a stage, sculpture park, or monument of some kind involving high profile artists. Whatever it is, some impact study before hand would be necessary. There have been severe privacy violations associated with theft and exploitation of commercial projects. One is a feature film based, on the anti nuclear movement from the 70s and 80s. Some on the coast of Santa Barbara and San Luis. There were oil spill, pier closures and other things where could reflect in an insurance claim or investigation. Looking for evidence where that reflects. I have made a complaint. There are also proposed development in the region I believe. Furthermore, there are a number of ediscovery efforts I believe are linked to my accounts. I have made a complaint to the epa as wel. EPA-R5-2017-006022	Ms. Gaby Garcia	Burns & McDonnell Engineering	This is a request under the Freedom of Information Act. I respectfully request that you provide documents and maps detailing any remediation actions taken by the EPA and/or FUSRAP as well as any environmental limitations or restrictions ordered by EPA between the legal parameters of Missouri Bottom Road (South), McDonnell Blvd (North), Lindbergh Blvd (East), and Phantom Drive (West) in St. Louis County, MO between 2005 and 2017. In order to help determine my status to assess fees, you should know that I am a Missouri State Senator and I am asking for any fees to be waived. This area affects a number of my constituents in Missouri District 14. The area of interest falls between two areas the EPA and/or FUSRAP have been active in: Bridgeton Landfill and St Louis Airport Project Site. I have already held 63 town hall meetings to raise public health and environmental safety awareness. The area of concern has been brought up by past residents of the former community multiple times throughout the town hall meetings and I request action in the defined area to better understand the issues facing the community. Thank you for your assistance on this matter. Respectfully, Sen. Maria Chappelle-Nadal 201 W Capitol Ave., Rm. 428 Jefferson City, MO 65101	4/11/2017

EPA-2017-005951	Sylvia Carignan	Bloomberg BNA	I request copies of all letters and email correspondence, sent by appointees at EPA who are involved in Superfund and brownfields policy under Administrator Scott Pruitt, that mentions any of the following terms: 3C/Superfund, 3C/C/Superfund, 3C/C/Superfunds, 3C/C/Superfund, 3C/C/Brownfields, 3C/C/Brownfields/ 3C/Brownfields/ 3C/C/Brownfields, 3C/As well as any replies those appointees received to those letters and email messages. Please limit your search to letters and emails sent between January 20, 2017 and June 16, 2017. I ask that these records be provided to me in electronic form to scanrigan@bna.com or via compact disc to my provided address. I am seeking this information, which is of current interest to the public, because of Administrator Pruitt/s increased attention to Superfund policy. This request is made as part of the news gathering process, and not for commercial use. This information is being sought on behalf of Bloomberg BNA for dissemination to the general public. Bloomberg BNA is an Arlington, Virginia-based national and international news organization and a subsidiary of Bloomberg LP. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Please waive any applicable fees. Release of the information will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Sincerely, Sylvia Carignan Reporter Bloomberg BNA 1801 S Bell St, Arlington VA 22202	4/10/2017

EPA-HQ-2017-005952	Jennifer Dlouhy		Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq. ("FOIA"), I request access to and copies of the following records (–the Records–) in EPA's possession subsequent to Nov. 7, 2016: - Any and all Records of communications between Carl Icahn, his personal staff (or staff of CVR Energy, Icahn Enterprises or a subsidiary) and a, any person at the assistant administrator level or higher at the EPA; b, Scott Pruitt or any of his direct advisers; c, President or President-elect Donald Trump advisers or staff thereto; d, any member of or adviser to Trump's transition, landing or beachhead teams. - Any and all Records of communications between a, President or President-elect Donald Trump or advisers or staff thereto; or b, any member of or adviser to Trump's transition, landing or beachhead teams to the EPA and any staff or political appointees at the EPA regarding Carl Icahn. To help facilitate this request, please note that it partially duplicates a request filed by Earthjustice on April 5 and assigned tracking number EPA-HQ-2017-005769. This request is ongoing, and I am further requesting that the Records be provided to me on computer files or, if not maintained on computer files, in the same format as they are currently maintained at the EPA. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. Please contact me if I may assist in your office's response to this request. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.	4/10/2017

EPA-HQ-2017-005918	Mr. Larry Schecker	Mr.	Three parts to this FOIA. 1. I would like the official position description of anyone who started work in the EPA Office of the Administrator (Immediate Office) between March 12, 2017 and today, April 8, 2017. For this part of the request I am only interested in the PD of persons who joined the EPA Administrator's office from outside of the EPA; I am not interested in anyone who already was an EPA employee who transferred to the Administrator's immediate office. I am interested in the PDs of persons who transferred to the Immediate Office from other US government offices. To be clear, I want ONLY the official position description of these persons. Pursuant to 5 CFR 293.311(a)(6) these are required to be made public. I wish to receive the responsive records electronically. If you withhold any of these records, I request as required by the FOIA that you identify the reasonably foreseeable harm that would result in the release of the records. 2. I also would like the resumes of the following people in the Office of the Administrator: the Speechwriter, the Deputy Chief of Staff, the Chief of Staff, the Senior Adviser, the Executive Assistant, and the Senior Policy Counsel and Associate Administrator, all of whom started at the EPA between Jan. 20 and Mar. 11, 2017. I am aware that portions of the resumes will have to be redacted under Ex. 6 -- to make it easy, I would accept the names of these people and their two jobs prior to joining the EPA. 3. Finally I would like the same (resumes or names and past two jobs) of anyone who joined the Administrator's office (see description above or parameters) between March 11 and today, April 8. I am an individual seeking these records for my own personal use. I should be categorized as an "other" requester for FOIA fee purposes. If the \$25 I have agreed to pay is not sufficient, please contact me and provide an accounting of the search, review, and duplication charges so I may agree to pay or modify I am writing to request a list of addresses of all energy star homes within the Des Moines, WA city limits.	4/10/2017

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I am requesting access to all email correspondence between the U.S. Environmental Protection Agency and the Indiana Department of Environmental Management Commissioner Carol Comer, and between the EPA and the Office of Indiana Governor Mike Pence, regarding lead contamination in East Chicago, Indiana, including contamination of the soil and drinking water, from January 1, 2016 to January 9, 2017. In the interests of costs, timeliness, and efficiency, I request that any documents be provided to me in electronic form, at littlefield.amy@rewire.news. If there is a high volume of materials responsive to this request, I would be glad to discuss options for providing the materials electronically. If records must be provided in hard copy, please mail them to the following address: Amy Littlefield Rewire PO Box 441918 Somerville, MA 02144 If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the publicâ€™s understanding of lead contamination in East Chicago. Rewire is a small nonprofit dedicated to public-interest reporting. This information is not being sought for commercial purposes. The statute requires a response to this request within twenty business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies. If you deny any or all of this request, please cite each specific exemption of the Freedom of Information Act that you feel justifies the refusal and notify me of the appeal procedures available to me under the law. If possible, I would prefer to receive the largest number of records or documents in electronic form. The Freedom of Information Act requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. Do contact me by telephone or e-mail if you have any questions regarding this request or recommendations on how to streamline or revise it. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Please provide copies of any logs, internal tracking numbers or other file-tracking device or system of documents in existence but denied disclosure. Such statements will be helpful in deciding whether to appeal an adverse determination. I appreciate your attention to this and expect, as the FOIA provides, to hear from your office within 20 days. EPA-HQ-2017-005678	Aaron Colangelo	Natural Resources Defense Council	On March 29, 2017, Administrator Pruitt was interviewed by radio host Hugh Hewitt. In the interview, the Administrator stated: "[O]ne of the things we“ve done internally, Hugh, is send a memo out to our regions and also to headquarters to say that the days of sue and settle, the days of consent decrees governing this agency where the EPA gets sued by an NGO, a third party, and that third party sets the agenda, sets the timelines on how we do rulemaking, and bypassing rulemaking entirely have ended. And we“ve sent that out across the agency.&Please produce records of the following types in EPA“s possession, custody or control: 1. The memo or memos described by Administrator Pruitt in the statement quoted above. 2. All agency documents and communications related to the memo or memos described by Administrator Pruitt in the statement quoted above. 3. EPA-R10-2017-005670	Ms. Jessica Nichols	Terracon	I am conducting a Phase I Environmental Site Assessment at a property located at 605 East Main Street in John Day Oregon. I understand that the site was a former mill and operated as Tri-County Concentrating Mill from the mid 1940s through the early 1960s. The site was identified in a regulatory report as a ESC, SEMS-ARCHIVE, and LEAD SMELTER. The EPA site ID is ORN000100301. I have a copy of a Preliminary Assessment Report that was issued in July 2012 and letters issued to the site owners that indicate additional investigation was warranted to determine the status of the contamination on the site. I understand that Mr. Ken Marcy was the project manager for the follow-up investigation. Mr. Marcy indicated that a complete site investigation, including sampling, was conducted at the site. I am interested in receiving the documents associated with the final site investigation including analytical results, sampling locations, and findings. Please contact me with any questions regarding this site. Thank you.	4/3/2017

EPA-R4-2017-005642	Kristi O'Connor	WCY8 TV	<p>Hello, I am requesting any history of EPA violations on file for Exide Technologies at 364 Exide Dr. Bristol, TN 37620. Exide Technologies is a battery manufacturing company that was open for several years and was a large employer in Bristol, TN until it closed in 2014. It recently announced plans to open a portion of the facility again. However, many citizens are concerned about the environmental impact the facility could have on the community. As the company is in its application process with the state, we would like to see these records to inform the public about what environmental dangers the company has imposed in the past and how the violations were handled by the company. Thank you Kristi O'Connor</p>	4/3/2017	
EPA-HQ-2017-005624	Mr. Alexander Guillen	POLITICO	<p>I am requesting all documents detailing EPA Administrator Scott Pruitt's schedule from March 1 through March 31, 2017. Such documents include but are not limited to itineraries, scheduling documents, and @etick-toc@ detailing Pruitt's activities and records of in-person, telephonic or electronic meetings, including details on who participated in those meetings. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information. If you have any questions about handling this request, you may telephone me at 703-341-4619 or 571-839-6243.</p>	4/3/2017	
EPA-R4-2017-005668	Renee D Dials	WALA-TV	<p>This request concerns Kelley Brothers Contractors in Waynesboro, MS. FRS ID: 110006067415. The ECHO website indicates the company's status as "Noncompliance"; I am requesting any report that provides specific details of the status. For example, what was the specific violation? when was it reported? when and where did it occur? Did the EPA investigation into the violation include testing of soil or water? If so, I am requesting the reports showing the test results. The Detailed Facility Report on the website also shows the noncompliance status has continued over the past three quarters. I am requesting the "Notice of Violation" issued on 10/05/2016. I am requesting reports showing what actions the company has taken to correct the noncompliance status.</p>	4/3/2017

EPA initiated a Time Critical Removal Action at the site in the fall of 2015. The response actions included installing vapor mitigation systems consisting of subslab depressurization in two residences where TCE vapor levels were detected above the action level. Planned future response activities include sampling of the mitigation systems to confirm proper functioning, resampling at residences included in this investigation and sampling at additional residences not previously sampled. Due to the potential for impact to the City of Washington public drinking water Well #4 from the release of TCE at the site, additional groundwater plume characterization is warranted to assess the risk posed to public drinking water."	3/30/2017

EPA-2017-005477	Ben Lefebvre	Politico	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of any and all and correspondence to or from officials at the EPA and President Trump and/or White House staff, including Mike Catanzaro, between the dates of January 20, 2017, and March 29, 2017, relating to the state of California's waivers from aspects of the Clean Air Act. This would include discussions of vehicle emission or efficiency standards as they relate to federal and California state regulations. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on the policy implications of the review of CAFE standards as sought by the President that is of current interest to the public because of its possible impact on fuel efficiency and energy production. This information is being sought on behalf of Politico for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Sincerely, Ben Lefebvre	3/30/2017

EPA-HQ-2017-005465	Zack Navarro		To whom it may concern. My name is Zack Navarro with Activated Carbon Agents LLC based out of Pittsburgh, PA. Previously, while working for Calgon Carbon Corporation (Pittsburgh, PA), I was assisted by Towana Dorsey (EPA, 202-564-4099, dorsey.towana@epa.gov) and obtained a SDOWS data list of all Public Water Systems and the treatment technologies they use. I was able to receive a list of all US Public Water Systems which outlined their treatment processes and technologies. This list was provided to me on a CD by Towana Dorsey who no longer works directly with the SDOWS data and I was recommended to submit another request to the FOIA. I would like to obtain an updated list for the purpose of contacting public water systems who use activated carbon as a treatment technology. The goal is to contact each location and review the treatment objectives with activated carbon. Please let me know if you should have any questions and I look forward to hearing from you. EPA-R9-2017-005432	Mr. Simon T Moore	High School	<p>This email is a formal proposition by a high school student from Coachella Valley High School. It is not a newfound discovery, it is not a policy revision, it is just a proposition which I hope is taken seriously and into much consideration. Please do not disregard this email because it is introduced with a lack of ethos. Considering we live in a democracy and promote the convection of each individual's perceptions, I do not see it fit to neglect the viewpoints of those who do not have economically, politically, or environmentally-affiliated established backgrounds. With President Trump's newest action to &quot;nullify President Barack Obama's climate change efforts&quot; and implement orders to &quot;revive the coal industry,&quot; I have been overcome with ultimate concern over the environment but I have also kept the economy in strong consideration. Donald Trump's main motive to implement such environmentally-neglectful orders is to increase job opportunities in the coal industry. To refute his argument by conceiving claims such as: &quot;he cannot commit such a putrid act&quot; or &quot;does he have any idea how backwards this is?&quot; is rendered useless by Mr. Trump. Instead, it is important to approach this situation as a Populist - the term which Tucker Carlson and Paul Begala labeled Mr. Trump with on stage during their discussion at the Youth Town Hall event in Indian Wells, CA. My proposition: Donald Trump should fund the EPA and other environmental agencies so they may allocate funds toward industries which research and construct clean energy methods. By handing the money over to environmental agencies, they will be able to spend the funds on environmental priorities which not only create job opportunities, but also maintain our care for the environment. Kindest Regards, Simon Moore</p>	3/29/2017

EPA-HQ-2017-005210	Mr. Nicholas P Surgey		Electronic records in the possession of the Environmental Protection Agency (EPA) Acting Deputy Administrator Mike Flynn that include the word Schneare. Search should include but is not limited to email records sent to or received from David Schneare, as well as any other record in which that name appears. A search may be limited to records created or amended since January 20, 2017. I am requesting copies of all public records related to the Hunter Point Naval Shipyard Tiger Team meetings between November 1, 2016 and today. This includes, but is not limited to, meeting minutes, agendas, and any written communication internally ਎xternally. Please provide this information electronically by emailing it to brand@greenaction.org. I am making this request on behalf of Greenaction members who live in the Bayview-Hunter Point community, which is a vulnerable, low-income community of color, heavily impacted by pollution. I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public understanding of the community impacts of the Hunter Point Naval Shipyard. This information is not being sought for commercial purposes. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. EPA-HQ-2017-005136	Josh Loewenstein		Pursuant to the Freedom of Information Act, 5 U.S.C. § 552 et seq. (5U.S.C. § 552), I request copies of all documents outlined in detail below: 1) Any Freedom of Information Act requests filed January 2016 to present regarding Senator Jon Tester or the staff or representatives of Senator Jon Tester, in both his capacity as a United States Senator and as a private citizen. 2) Any responsive documents sent out by your agency in response to the above Freedom of Information Act requests. Direct correspondence should include letters, emails, reports, and other relevant material. 3) I am not seeking any secondary material such as phone logs, notations of conversation, etc. If any records are withheld or redacted, I request that you state the specific legal and factual grounds for withholding any documents or portions of documents, please identify each document that falls with scope of this request but is withheld from release. If requested documents are located in another installation or bureau, I request that you please refer this request or any relevant portion of this request to the appropriate installation or bureau. To the extent that the responsive records are available in electronic format, I would prefer to receive the information via email or CD, particularly if providing the information reduces the time or expense involved. Otherwise, I will expect to receive the information in paper form. I am willing to pay all reasonable costs incurred in locating and duplicating these materials. 4) But please contact me prior to processing to approve any fees or charges incurred in excess of \$50. Thank you for your cooperation with this request. 5) I am willing to discuss ways to make this request more manageable to your office. 6) Please do not hesitate to contact me at my direct line at 202-545-3559 or loewenstein@dccc.org . Please provide any information regarding any AST / UST, PCBs, spills / releases, petroleum and hazardous materials use, storage, or disposal activities, vapor intrusion, contaminated groundwater, solid waste disposal, asbestos, deed notices, and activities and use limitations regarding: Reich Farms, Toms River, (Dover Twp) NJ. In particular, I am requesting all correspondence, reports, disclosures, permits, notices, soil tests or analyses, removal, remediation and response action plans, and any other documents relating to the subject property and the processing, storage, disposal, treatment, or handling of any hazardous substances at the subject property (including, without limitation, petroleum or machine oils, and hazardous substances contained within above or below ground storage tanks, waste piles, containers, or wastewater treatment units). I am particularly interested in what appears to be an incident in the early 1990s, as evidenced in a letter dated March 8, 1991 from IEPA to Kenosha Beef International, Ltd., Charles Vignieri, and/or Marhefeler Pack Co., giving rise to the excavation of more than 7 tons of waste oil contaminated soil around that time. The incident and letter are referenced in Document No. 96R020762 in the McHenry County Recorder's Office, a copy of which is attached. Please note that this request is not limited to only this incident, as I am requesting all information and documentation relating to the subject property to ascertain whether the subject property is or has ever been contaminated and, if the latter, to ascertain whether the subject property was remediated according to all applicable laws. Please e-mail me all responsive documents, if possible. Thank you.	3/21/2017

EPA-R5-2017-005107	Emily Steinberg		My firm represents AIG Specialty Insurance Company (ASIC) in connection with a lawsuit filed against it by I. Schumann & Co. LLC (Schumann) in the United States District Court for Northern District of Ohio (Case No. 1:16-cv-01079) (the lawsuit). The lawsuit relates to the U.S. EPA Region 5's investigation of I. Schumann's facility located at 22500 Alexander Road, Bedford, Ohio 44146 (the facility) pursuant to the Clean Air Act in the Matter Of I. Schumann & Co. LLC. It is our understanding that the EPA's investigation culminated in the issuance of an Administrative Compliance Order (EPA-5-15-113(a)-OH-18) on September 24, 2015, and a Consent Agreement and Final Order (CAA-05-2015-0062) on September 25, 2015 (the orders). The EPA website states that information may be obtained by submitting a written Freedom of Information Act (FOIA) request to FOIAonline. Accordingly, to assist ASIC's defense, we respectfully submit this FOIA request for all documents related to the EPA's investigation and orders relating to the facility, including but not limited to all communications with I. Schumann and/or its counsel. Please send these documents to esteinberg@nicolaidesllp.com, or via facsimile to 312-585-1401, at your earliest convenience. EPA-R5-2017-005103	Mr. Gary Cipriano		Please provide copies of documents pertaining to the Pullman Palace Car Company or Pullman Railcar Company for the property at 748 E. 114th Street, Chicago, Illinois 60628. An alternate address may be Corliss Avenue and 114th Street. I am requesting copies of all documents pertaining to this property and any current or former connection with CERCLA and RCRA activities. Copies of two FRS Facility Detail Reports for this site are being uploaded with this request to provide some information about existing regulatory agency ID numbers for this site. The address is sketchy since this was a large facility in operation between the 1890's and 1980's. The property was redeveloped in the early 2000's and the current street address may not be the street address when the facility closed in 1980's. A portion of the site was sold off in 1980 and a company called Liquid Dynamics operated a waste treatment facility at 655 E. 114th Street in Chicago. Files for the Pullman and Liquid Dynamics sites be one and the same. I am submitting a separate FOIA request for Liquid Dynamics site in case everything is filed under that name or address. These sites appear to have investigated together by USEPA Region 5 based on the existence of some reports by Ecology & Environment such as the attached copy of the 1998 Site Assessment Report.	3/21/2017

EPA-HQ-2017-005096	Mr. Patrick Ambrosio	Bloomberg BNA	This is a request under the Federal Freedom of Information Act (FOIA), the First Amendment to the United States Constitution, the common law of the United States, the Privacy Act (5 U.S.C.) section 552a, and any statute providing for public access to government information: I request that I be sent copies of the following documents or, if there is a large number, be permitted to inspect the following documents: Please send any and all communications between the Office of the Administrator (including, but not limited to, Administrator Pruitt and his chief of staff) and EPA's Ethics Office related to lawsuits Scott Pruitt brought against the EPA while serving as Oklahoma's attorney general. Please include any phone calls, call logs, call sheets, emails, letters, day calendars, memorandums, meeting agenda sheets and other documented forms of communication regarding this issue. If possible, I would prefer to receive the largest number of records or documents in electronic form. The Freedom of Information Act requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. Do contact me by telephone or e-mail if you have any questions regarding this request or recommendations on how to streamline or revise it. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Please provide copies of any logs, internal tracking numbers or other file-tracking device or system of documents in existence but denied disclosure. Such statements will be helpful in deciding whether to appeal an adverse determination.	3/20/2017

EPA-HQ-2017-005065	Rachel La Corte	Associated Press	<p>Dear FOI Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. &sect; 552, I request access to and copies of documents showing the salary information for Washington state Sen. Doug Erickson, who is currently serving on the transition team at EPA. This is of current interest to the public because of Sen. Erickson's current dual role serving the state of Washington and the federal government. This information is being sought on behalf of The Associated Press for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. Or, you can email me at rlacorte@ap.org. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Sincerely, Rachel La Corte</p>	3/20/2017

EPA-HQ-2017-005033	Kevin Bogardus	E&E News	I request all communications records sent to and/or from David Schnare -- including emails sent to and/or from his EPA email account, schnare.david@epa.gov, and from any other non-official email accounts associated with Schnare that were used for official purposes as well as text messages sent to and/or from Schnare -- during the time period of Nov. 9, 2016 to March 17, 2017. I request copies of all of Schnare's communications records because after his March 15, 2017 resignation from EPA, he alleged that he left the agency because of EPA officials' "misuse of federal funds, failure to honor oaths of office, and a lack of loyalty to the President (Trump)". (please see "Questions trail agency critic's exit." Kevin Bogardus, Greenwire, March 16, 2017 http://www.eenews.net/stories/1060051580). Consequently, there is an overwhelming public interest that all of Schnare's communications records are disclosed, considering that those records may shed more light on Schnare's allegations against other EPA officials. Please consider any emails, letters, memorandums, text messages, voice and video recordings as well as other documented forms of communication sent to and/or from Schnare as responsive records to my request. Please consider Personally Identifiable Information as not responsive to my request.	3/17/2017	Ex. 6, Ex. 5

Correspondence between EPA Administrator Pruitt and the RMP Coalition, consisting of the American Chemistry Council, The American Forest 8&mp; Paper Association, the American Petrochemical 8&mp; Fuels Manufacturers, the American Petroleum Institute, the Chamber of Commerce of the United States of America, the National Association of Manufacturers, and the Utility Air Regulatory Group 86C" and/or between EPA Administrator Pruitt and any of these individual organizations 86C" sent between 8&mp; including the dates of 2-17-2017 and 3-13-2017. 86C"86C" These documents are of public interest as they will contribute to public understanding of the decision to reopen a previously concluded EPA rule-making process, thus delaying the effective date of a public safety regulation designed to prevent catastrophic industrial accidents and to protect communities and emergency first responders. The rule applies to approximately 12,500 facilities in the U.S. that, according to the EPA, have had on average one serious safety 8&quot;incident8&quot; every other day for the past 10 years. Understanding the decision to delay implementing this safety measure previously approved by the EPA is a matter of urgent public interest.</p>	3/16/2017

EPA-HQ-2017-004976	Mr. Brian Greig	Maracoonda Automotive	<p>We have performed a Document Search on the US EPA Website for all information relating to the Emissions on a 2017 Ford F150 Light Duty Pickup, however we only find a Certificate of Conformity No HPMX03 541-063. This relates to the Test Group HPMX03 541, and Evaporative/Refueling Family HPMX0235N0C. While the Certificate of Conformity is correct, when we select the View Related Documents we are redirected to another copy of the Certificate of Conformity, instead of the usual documents of the Application for Certification, or the separate Certificate Summary Information Report. It would appear that the link to these other documents has a fault that just keeps sending you back to the Certificate. Accordingly, we are requesting a copy of the following documents that relate to the emissions group etc listed at the top of this request: - Application for Conformity - Certificate Summary Information Report Thanking you, Brian Greig.</p>	3/16/2017

EPA-R4-2017-004912	Ms. Lindsey Conway	Grady College/University of Georgia	What I am specifically looking for would be tonnage amounts imported into and exported out of the 8 states region 4 of the EPA works with. I would love to have the tonnage numbers for the four quarters of 2014, 2015 and 2016. Also, I would like to know the origin or source of the waste and the destination landfill of the waste/state to which the waste went. I have attached a database spreadsheet from the Environmental Protection Division in Georgia, which models exactly what I am looking. I would just like numbers from the EPA, especially those for states surrounding Georgia to understand what import and export of waste looks like in other states. If you also have the dominion or type of landfill that would be helpful information as well.	3/15/2017

EPA-R2-2017-004856	Robert Paul La Gravenis	K&L Gates LLP	I am submitting this document request pursuant to the Freedom of Information Act (5 U.S.C. §552 et seq. This request concerns the United States Environmental Protection Agency's files concerning the Lower Hackensack River identified by CERCLUS ID no.: NUN000201845 and located in Bergen and Hudson Counties. The Lower Hackensack River is defined as the portion of the Hackensack River located between the Oradell Dam and the mouth of the River in Newark Bay. This section of the Hackensack River spans across Bergen and Hudson counties, New Jersey. Oradell Dam is approximately 17 miles north/northeast of the mouth of the Hackensack River and includes approximately 23 River Miles. There are over 17 tributaries to the Hackensack River below the Oradell Dam. Below the Oradell Dam, the river is tidally influenced and brackish (the By way of background, in response to many discussions, meetings, and a subsequent letter from Captain Bill Sheehan, Executive Director of the Hackensack Riverkeeper, dated February 10, 2015, the EPA was petitioned to perform a Preliminary Assessment of the Hackensack River. The petition stated that the Hackensack River from the Oradell Dam to its mouth in Newark Bay warrants listing on The National Priorities List (NPL). The EPA acknowledged receipt of the petition on March 4, 2015, and stated that the petition contained sufficient information to indicate releases to the Hackensack River were possible and additional evaluation is necessary. The EPA accepted the request and planned to conduct a PA with a scheduled completion date within one year of February 10, 2015. The NPL is the list of hazardous waste sites deemed eligible for long-term remedial action financed under the federal Superfund program. EPA regulations outline a formal process for assessing hazardous waste sites and placing these sites on the NPL. For request specifics please see attached letter. Thank you.	3/14/2017

EPA-R2-2017-004826	Mr. Judson B Witham	School of the Very High Mountains	<p>The Environmental Grants made to Municipalities in the Adirondacks Region. The Lake George Basin primarily but generally ALL grants made for Environmental Related Improvement, Preservation and Conservation are requested. The School of the Very High Mountains provides this information to the General Public so They can best understand how the distribution of Federal and State Grant Monies are directed and Spent. We utilize a Web Presence for this purpose to educate the Public in Environmental Issues associated with funding mechanisms of New York State and the US Government so Communities can best deploy and employ strategies at participating in these Grant Funding Programs. Many local areas are under served by Funds distributions and become forgotten and overlooked to larger Municipalities and County / State Organizations. Our request seeks to identify Who is receiving Grants and the Purposes and sizes of those Grants. The Fund for Lake George, Warren County, Coalition for Lake George, RPI University, New York State seems to REIGN SUPREME over the Grants Received. The larger Adirondack Park Municipalities and DE seem to get the LIONS SHARE and this request for the information on Who's Getting the Grants, How big those Grants Are and the Purposes the Grants are being given is aimed at Informing Smaller Communities how to compete for these funds against the State, Counties, Professional Fund Management Groups LIKE the Lake George Land Conservancy, Nature Conservancy, Sierra Club and the DASNY and State College Grant Programs.</p>	3/13/2017	
EPA-R2-2017-004833	Robert Paul La Gravenis	K&L Gates LLP	<p>I am submitting this document request pursuant to the Freedom of Information Act (5 U.S.C. § 552 et seq. This request concerns the United States Environmental Protection Agency's (EPA) files concerning the Lower Passaic River Study Area portion of the Diamond Alkali Superfund Site. The Lower Passaic River Study Area is defined as the 17-acre stretch of the Lower Passaic River and its tributaries from the Dundee Dam in Newark Bay (also known as the Passaic River) located in and about Essex, Hudson, Bergen, and Passaic Counties, New Jersey. By way of background, USEPA Region 2 performed its own re-analysis of the raw data generated by the 1991 New York Angler Survey conducted by Cornell University (Connelly et al. 1992) to derive the recreational angler fish consumption rates that were used in the baseline human health risk assessment (BHHRA) for the Hudson River (TAMS/Gradient 2000). At the direction of Region 2 (USEPA 2012), the Hudson fish consumption rates, along with the region's re-analysis of data from a 1999 Newark Bay complex angler survey (Burger 2002), were used for the UPRSA BHHRA (References listed in detail in attached letter request). In particular, pursuant to FOIA, I request any and all records relating to USEPA's own re-analysis of the raw data from the 1991 angler survey published in Connelly et al. (1992). My primary interest is how the region analyzed the raw data to derive the Hudson fish consumption rates. I also request the data files generated from Region 2's re-analysis of the Connelly et al. (1992) data and any documentation associated with the data analysis methods and assumptions used to derive the Hudson consumption rates (RME rate of 31.9 grams/day and CTE rate of 4 grams/day). I ask that you contact me at your earliest convenience to discuss arrangements for providing the requested documents. This firm will of course take responsibility for any necessary copying and/or shipping charges.</p>	3/13/2017

EPA-HQ-2017-004807	Mr. Joseph R Byrd		<p>Almost a year ago, a report assessing the cancer risk of the active ingredient, glyphosate, in Monsanto®'s Roundup herbicide appeared on EPA®'s website. EPA quickly retracted the report, only to post it again a few months later. Not long after, EPA®'s retraction of the report, the chair of the committee that authored the report left EPA. This FOIA request seeks records related to that cancer risk assessment report, including any and all communications between EPA and Monsanto and any internal EPA communications concerning the chemical glyphosate. When a pesticide is proposed for registration or re-registration, EPA®'s Office of Pesticide Programs reviews studies to evaluate the pesticide®'s potential for causing cancer. The Cancer Assessment Review Committee (CARC) then reviews these results and recommends a cancer classification. This FOIA request includes all documents and communication regarding the CARC of glyphosate. In September 2016, EPA posted the 2015 CARC Final Report to its Glyphosate Registration Review Docket. This FOIA request includes all documents and communication regarding the 2015 CARC Final Report of glyphosate. This FOIA request includes any and all communication, information, and documentation concerning glyphosate including, but not limited to records referring or relating to the CARC report on glyphosate, records from January 1, 2015, through the date of the request between Monsanto officials and EPA that discuss or relate to glyphosate. EPA-R2-2017-004785	Mr. Diego I Moreno	Laurentino System	<p>Greetings I represent an patented Ecuadorian invention, it is called the Laurentino System; Laurentino is a fuel economizer that saves 35% or more fuel consumption for all types of engine regardless of the fuel it uses, also drastically reduce the emission of polluting gases such as CO2 by more than 60% and increases engine power. It is not an additive of oil or gasoline and nor does it interfere in the normal operation of the constituent parts of the engine; it is a zero invasive device. It is based on the implementation of quantum energy for its operation; it is completely eco friendly, zero harmful to the human being and the environment and does not generate any damage due to toxic or radioactive elements. Our desire and goal is to make this innovative Ecuadorian invention known worldwide and we are looking for help either to test the device as well as the marketing and distribution of it in countries like United States, Europe or worldwide. We believe that our invention can be helpful to improve our environment, reducing the contamination produced for every vehicle. Please, we need your help, guide or support, this device really works, it is patented and we are open to any kind of test. Thanks for your interest. We hope this information is of interest to you and consider us for any help or development, we need help to make the necessary tests to certificated that this product reduce the pollution produced by engines. For the attention given to the present, I would like to extend my most sincere thanks.</p>	3/10/2017

EPA-R2-2017-004715	Mr. Brian P Garrahan		Dear Environmental Protection Agency: Under the New York Freedom of Information Law, N.Y. Pub. Off. Law sec. 84 et seq., I am requesting an opportunity to inspect or obtain copies of public records that contain a high level summary for all of the following that have been reported within the state of New York: suppliers of fossil fuels or industrial greenhouse gasses, manufacturers of vehicles and engines, and facilities that emit 25,000 metric tons or more per year of greenhouse gas emissions. It is my wish to collect an accurate and comprehensive emissions data of New York to determine how much carbon dioxide (CO2), methane (CH4), nitrous oxide (N2O), hydrofluorocarbons (HFC), perfluorocarbons (PFC), sulfur hexafluoride (SF6), and other fluorinated gases including nitrogen trifluoride (NF3) and hydrofluorinated ethers (HFE) have been generated from 2015 - 2016. The New York Freedom of Information Law requires a response time of five business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the request records. If my request is too broad or does not reasonably describe the records, please contact me via email so that I may clarify my request, and when appropriate inform me of the manner in which records are filed, retrieved, or generated. If it is necessary to modify my request, and an email response is not preferred, please contact me at the phone number I have provided. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing and provide the name, address and email address of the person or body to whom an appeal should be directed. Thank you for considering my request. Sincerely, Brian Garrahan.	3/9/2017

Additionally, we request any and all official correspondence between U.S. EPA, Region 6, and the applicant, Bayou Bridge Pipeline, LLC (BBP), regarding the aforementioned proposed pipeline project and its pending applications before the above-referenced agencies. We also request that at processing fees be waived because GRN and ABK are primarily interested in public dissemination of this information so that we can inform the public about the nature of impact of the pipeline on federal levees, drinking water, coastal restoration, the Atchafalaya Basin Floodway and because the request is not primarily in the commercial interest of the requestors. See 43 C.F.R. &sect; 2.19. We have attached a letter requesting a fee waiver (Attachment A) that documents our entitlement under the regulations. We would prefer your response to be in electronic form, or in the form of a Compact Disc (CD), if possible. Please contact me if that is unavailable. EPA-HQ-2017-004658	Mindy Poldberg		To Whom it May Concern: I would like to request any and all documents that were sent from the White House to the EPA regarding a change to the Renewable Fuel Standard Point of Obligation. As the media has widely reported, discussions between Carl Icahn and outside private parties in the oil and renewable fuels industry occurred in late Feb/early March regarding the White House's consideration of moving the Point of Obligation from refiners/importers to some point further down the fuel distribution chain. In addition to any point of obligation package or memo, I would also request any other documents that were sent that pertained to other changes that might be considered as part of a package to move point of obligation: this list may include things like the E15 Reid Vapor Pressure waiver, or review of MOVES and other models, but my request list is not limited to these. I believe this package was likely sent from the White House to the EPA the week of Feb 27-March 5, but those dates are not exact. This package may include documents from other White House officials to Administrator Pruitt including Gary Cohn. Thank you. I request the documents pertaining to the ICIS civil judicial action against the following site: Commercial Lithographing Company, 1226 Chestnut Ave., Kansas City, MO Enforcement Action ID: M0000A0000290950011900011	3/7/2017

EPA-HQ-2017-004642	Joanna McCall	COGENCY GLOBAL INC.	Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §552, et seq., and the United States Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, National Corporate Research, Ltd. (NCR) hereby requests from EPA any and all correspondence, e-mails, memoranda, or any other forms of communication in response to or related to EPA's Office of Pesticide Programs (OPP) and/or the Office of Research and Development's (ORD) review of the November 18, 2010, petition filed by the International Center for Technology Assessment (ICTA) regarding the legality of nanoscale copper in registered wood treatment pesticide products, specifically registrations obtained by Osmose, Inc. for 3-micronized copper carbonate. Documents responsive to this request likely will be maintained by OPP and ORD. These offices are identified solely to assist EPA in responding to this request and not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. NCR consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information. NCR agrees to pay reasonable search and reproduction costs; if costs exceed \$200.00, however, NCR requests that you notify us before reproducing documents. I request a copy of the pesticide registration jacket for EPA Registration Number 87845-6, MCC 3-Way Fungicide. Please note that I am not requesting any data. Thank you.	3/7/2017

JPS Five Rivers Cattle Feed Yard, has had the capacity of 120,000 head of cattle in the past. The air quality and smell was tolerable in the past but, lately they have expanded and the constant smell of urine and manure drenched dust that is carried from their operations has the entire community of Wellton locked inside their homes. Quite often it is necessary to leave my own home to escape the hazardous and noxious smell that permeates. It is especially after a rainfall or when the winds blow from east to west. This cannot be healthy to breath in these ammonia and fecal spores that become airborne.	3/3/2017

			Re: Freedom of Information Act (FOIA) Request (5 U.S.C. §552, as amended) Dear FOIA Officer: I request that a copy of the all documents, to include, electronic communications (e-mails), interview notes, investigation reports, summary reports and agency correspondence pertaining any investigation that was performed by the U.S. Environmental Protection Agency (EPA) Office of the Inspector General (OIG) at the EPA Region 286's Caribbean Environmental Protection Division (CEPD) in Puerto Rico, between the years 2015 and 2017 be provided to me. In order to help to determine my status to assess fees, you should know that I am an individual seeking information for personal use and not for commercial purposes. For this, I request a waiver of all fees for this request. Disclosure of the requested information to me is of utmost importance because I am an EPA employee from EPA Region 2 CEPD who was subject to an OIG investigation during the years 2015 through 2017, and I have no commercial interest in to pursuing this request. In the case that a fee exemption could not be granted, I am willing to pay fees for this request up to a maximum of \$25.00. If you exceed this limit, please inform me first. Thank you for your consideration of this request. Sincerely, Carlos M. Rivera-Velazquez Box 2278 Salinas, P.R. 00751-2278 carlosmrv@gmail.com r.ivera.carlos@epa.gov	3/1/2017	Ex. 5, Ex. 6, Ex. 7(C)

			To whom it may concern, I am a Lecturer at the University of Melbourne. For an academic project, I would like to access the HRS documentation for each hazardous waste site that has received an HRS score within the Superfund program. I have verified that these reports are not available online (EPA website or regulation.gov website). The Federal Register table of the CERCLIS database contains HRS scores only for sites that are/were on the NPL list (mostly sites with an HRS score larger than 28.5). I thus need HRS scores (overall scores and by pathways) for sites that have not been included in the NPL list. Period: 1982 to 2016; EPA regions: All 10 regions; Format: pdf file per site ; if a database (excel format) already exists that includes HRS scores for all sites that have received an HRS score (and not only the NPL subsample), such database would be preferable. Data fields: < Tracking Number < Submission date < Close date < Due date < Phase (Assignment, closed, etc.) < Track (simple, complex, etc.) < Long Description from requester Please note that the available FOIA ONLINE reports referenced in Mr. Crawford<'s email, dated February 27, 2017 10:42 AM, is not adequate nor does it comply with our request. The subject report process prohibits the download of more than 2000 lines of data [1/] (average report would exceed 100000+ lines of data), and there is no ability to filter down to specific dates [2/]. Mr. Crawford<'s comments that this information is readily available to the public is incorrect, and therefore would not fulfill our FOIA request. Finally, since we are seeking this information for ALL FOIA ONLINE agencies it seems a GROSS waste of agency resources to require a requester to file 100<'s of requests. (Other agencies have directed us to FOIA online to request the data). Please direct any question to Jeff Stachewicz, Counsel, FOIA Group, Inc. EPA-HQ-2017-004295	Jeremiah Curtis		<p>I am requesting a complete electronic record of all publicly available SDWS data, including water system summaries, water system detail, service area, geographic area, site visits, event and milestones, facilities, violations, lead completeness reports, lead ALE sample reports, lead sample reports, copper ALE sample reports, and copper sample reports, that can be accessed via https://ofmpub.epa.gov/apes/sdow/?p=108:::NO::: and https://ofmpub.epa.gov/apes/sdow/?p=108:200:::NO::: I have tried to download the data via the search options available at the aforementioned https addresses, but the queries sometimes result in timeout errors, and also in some cases (e.g., violations reports) are limited to particular numbers of lines that make ascertaining the completeness of the data difficult if not impossible. Larger queries also result in some corruption of output data that becomes apparent when opening download files. There are no ftp directories including these data. The data could either be emailed to my listed email address (jcurtis2014@yahoo.com), or copied to external hard drives or flash drives depending upon the total size of the dataset(s), and delivered via mail.</p>	2/27/2017

EPA-HQ-2017-004286	Michael Rivera		<p>Greetings! I am considering purchasing a home in Atlanta, GA at the location of the former Evans Metals site off of Lambert Drive (30342). I know that there was evidence of lead contamination in the soil as reported by AJC and USA Today in 2012. Both reports said that the EPA planned further tests on the soil. I cannot find the outcome of those tests online. Can you please send me the results of all of EPA's testing on the soil there? The names of the site might be Evans Metals, Metalico Evans, Metalico off of Lambert Drive. I would like to review the results before purchasing a home at this location. EPA-R10-2017-004260	Ms. Monica R Fabbri	Intermountain Fair Housing Council	Please provide the minutes from the August 5, 2016 meeting held to address lead contamination in the Bunker Hill Superfund site. also please provide the notes on that meeting taken by Kendra (last name unknown) as described in the following e-mail. Sent: Tuesday, August 9, 2016 12:24 PM To: Darise Weller; Barbara Miller Subject: notes from 8-5-16 EPA McIcarran meeting My notes are scratchy. May make no sense to you. Darise, I believe you took some notes, so you may want to add / clarify mine. Barbara, if you are depending on these notes for anything legal, don't! You should always take your own notes for such a purpose, as some comments you would jot down as important, others may not have. We will see what Kendra sends us and compare with what we said. The 3 PM meeting started late, around 3:15 PM. It was intended that the first half hour would be with Dennis and that the last half hour would include Cami Grandinetti. Darlene handed Dennis a copy of the letter and he took about 5+ minutes to read the 4 pages. Kendra, who stayed for the entire meeting, made a copy for herself. Portland Harbor Dennis: Because of the status of the cleanup and input, much could not be said by Darise. National versus Enhanced National Recovery. I am weighing these carefully. 13 river hot spots need to be covered; but elsewhere, treatment can be different where there is activated carbon. Everything had to be included, even the issues the citizens opposed. It is easy to take things out, but all had to be in. ... Barbara started repeating to Cami concerns addressed in the letter. Cami broke in and said that she is the Program Mgr and that people work under her and that she is the Program Mgr and that people work under her and that she hasn't been to the ID site in years; she gets reports from staff working at the site. Cami and Kendra resented the tone of the conversation and so it ended. Kendra will send us her notes. Meeting ended around 4:15 PM	2/24/2017

EPA-HQ-2017-004276	Tony Barboza	Los Angeles Times	I request a list of any and all members of the Trump transition, landing, beachhead or action team(s) for U.S. EPA, as well as any plans, reports, memos, presentations or other documents sent or received by these teams or their members. This should include the Trump team's reaction plan for U.S. EPA. We request these records for the time period from Sept. 1, 2016 to the most recently available date at the time of processing this request. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.	2/24/2017
